

'Diary of a Wimpy Kid'

Series by Jeff Kinney

The Diary of a Wimpy Kid series is a world hit among kids and teenagers alike. It is a fictional story about a weakling called Greg Heffley. He writes to his diary about middle school and high school life and his troubles with his not-so-developed best friend, Rowley Jefferson.

It is funny and a great comic relief. There are 10 books in total (including the Do-It-Yourself Book and Movie Diary), and they all have a great storyline. The books are very short, so if you're not a big reader and enjoy comedy, this is the right series for you. 8/10 Promotion Roll Call
