

Elephant in The Room Exhibition

At the end of Term 2, classes from Year 9 put on an Exhibition on all the major topics that no-one wants to talk about. There were stalls set up all around the hall, with saddening topics about animal testing, animals in captivity, plastic, palm oil, factory farming, battery hens and much more. We even had surprise guests with Loz and Jack from 94.9 Power FM turning up and interviewing some lucky students, who were then on the radio the next day! Overall the entire exhibition was a fabulous success and definitely changed the minds of many people, even if they had to be bribed with delicious food! Thankyou to Mr Woodland and Miss Kirby for organising the entire exhibition and giving us a new perspective on animals.
