

Rockin' the school

Last Monday the American Christian band '3Union' visited the school and performed for students. They played a variety of punk-pop style songs, which was very popular amongst the crowd, with fun lyrics and an uplifting beat. They took time to sign autographs and have photos taken with the crowd. Many bands in the punk-pop genre have recently been breaking through to the top charts, with the style of music becoming more and more popular with this generation. Who knows .. maybe some day we will see this band do the same.
