

## **TAFE Vocational Education Courses (TVET)**

---

TVET stands for TAFE-Delivered Vocational Education and Training. TVET provides an opportunity to study a TAFE NSW course while still at school.

Students from Ulladulla High School have undertaken TAFE courses in the following subjects: Automotive, Tourism, Primary Industries, Beauty and Child Studies and other.

TAFE will offer an extensive list of subjects and classes may be formed in those courses where enough students choose that subject. Fees are applicable for many of the courses. TAFE will provide further information on which courses will be offered for next year.

## **Vocational Education and Training (VET) Courses**

---

Vocational Education and Training (VET) courses are offered as part of the HSC. They enable students to study courses which are relevant to industry needs and have clear links to post-school destinations. The role vocational education and training (VET) courses play in helping students prepare for further education, training, employment and lifelong learning is widely recognised by key stakeholders in education. These courses allow students to gain both HSC qualifications and accreditation with industry and the workplace as part of the Australian Qualifications Framework (AQF). The national framework is recognised across Australia and helps students to move easily between the various education and training sectors and employment. These courses each have a specific workplace component and a minimum number of hours students spend in the workplace or a simulated workplace at school.

VET Courses that are Board Developed will now contribute towards the calculation of their Australian Tertiary Admission Rank (ATAR) if the student completes the HSC exam.

Ulladulla High School offers the following two-unit VET Board Developed courses:

- Certificate III in Business 2 Unit
- Certificate II in Construction Pathways 2 Unit
- Certificate III in Live Production and Technical Services 2 Unit
- Certificate II in Hospitality – Food and Beverage (confirm this) 2 Unit
- Certificate III in Retail 2 Unit
- Certificate II Primary Industries – Rural Operations 2 Unit

Ulladulla High School offers the following two-unit VET Endorsed course:

- Certificate III in Sport Coaching 2 Unit – Not Board Developed, does not count to ATAR

**Work Placement** is compulsory. Fees must be paid in advance unless otherwise negotiated with the Principal or Deputy Principal.

## Traineeships / Apprenticeships (SBATs)

---

School-based apprenticeships and traineeships (SBA/Ts) are a great way for students to set themselves up for the career they want while completing their HSC. Although they vary from one industry to another, all traineeships include the following:

- paid employment under an appropriate industrial arrangement (e.g an award or enterprise agreement)
- a training agreement or indenture that is signed by both the employer and apprentice or trainee and registered with the NSW Department of Education.
- a training program, delivered by a registered training organisation, that meets the requirements of a declared traineeship in NSW and leads to a nationally recognised qualification.

Read more on the [School-based apprenticeships and traineeships page](#), which includes links to further information and advice, and the course description for Industry-based Learning.
