

Exploring Early Childhood

Content Endorsed Course
2 Units each for preliminary and HSC
Exclusions: Nil

Our society is increasingly recognising children's experiences in the early childhood years as the foundation for future growth, development and learning.

This course explores issues within an early childhood context and considers these in relation to the students themselves, their family and the community.

The study of this course will enable students to:

- develop an awareness and understanding of the growth, development and learning of young children and the importance of the early childhood years
- recognise the uniqueness of all children, including those who have special needs
- become aware of the value of play in the lives of children, and consider means of providing safe and challenging environments for play
- identify the range of services developed and provided for young children and their families
- consider the role of family and community in the growth, development and learning of young children
- reflect upon potential implications for themselves as adults, in relation to young children
- understand and appreciate the diversity of cultures within Australia and the ways in which this influences children and families
- become aware of the work opportunities available in the area of children's services.

Assessment:

All Assessments are internal with a mark value of 100%.

There is no external HSC examination for this subject

School assessment will use a variety of techniques and tasks that will assess

- Knowledge and understanding of content
- Skills associated with content

At least 1 task will be project-based.
